Starting from the city centre, with Piazza Garibaldi and the splendid complex of the Salt Warehouses, you will start a journey towards the Città Giardino with Villa Palanti, the Colonia Varese and the Casa delle Aie, guardian of the culinary traditions of Romagna. We leave the city to discover the Villa Ragazzena and the nearby Bosco del Duca d'Altemps, a valuable nature reserve. The route continues with a visit to two religious buildings: the Pieve di Santo Stefano and the Santuario della Madonna del Pino. On the way back you can admire the thermal bath of Cervia. During the route you will be accompanied by an expert cycling guide who will show you the beauty and history of the area.
